

**Temporary Regulations for visiting Gross-Rosen Museum.
Nazi German concentration and death camp 1940-1945
during an epidemic**

1. Gross-Rosen Museum is open from Monday to Sunday between 9:00 – 16:00.
2. For touring Museum makes available the site of the former concentration camp Gross-Rosen with the site of the historical quarry – place of martyrdom of Gross-Rosen prisoners.
3. Visitors can commemorate the victims of the camp by lighting a candle or lay bouquets under the Mausoleum monument.
4. The site of the former concentration camp is available only for individual visitors, guided tours are being suspended.
5. Groups of up to 5 people are allowed.
6. Touring should take place according to the map on the board located on the right side of the road that leads from the parking lot to the main building.
7. On the Museum site 24 boards with information about historical building and places are located. Descriptions on those boards are in 3 languages (in Polish, English and German). In a way they form a museum guide and indirectly determine the route of touring.
8. Exhibitions in Museum facilities are not available for visitors.
9. Visitors on the site of Museum are obliged to wear masks.
10. Excluded from this requirement are: parents with children need of care (up to 13 years old), disabled people, people unable to move independently, people with a certificate of need for special education and their guardians.

Additional information:

11. After entering the Museum parking lot visitors are obliged to visit a sanitary point, that is located near Tourist Service Office to disinfect their hands and are obliged to wear masks.
12. Only one person can stay at the cash window (in building next to the car park).
13. We encourage you to pay by card.
14. The visitors standing in the line to the cash window and during their visit on the site of the Museum are obliged to keep a distance of 2 meters between them.

15. In the Museum main building in its lower level, in the waiting room toilets will be available for visitors.
16. The number of people visiting the site of the Museum is monitored by employees of the Tourist Service Office.
17. Compliance with sanitary requirements by the visitors are supervised by Museum caretakers and guides by surveillance cameras.
